

Table of Contents

Acknowledgments	xiii
About the Authors	xv
Introduction	xxi
Part I: Special Considerations of Historic Preservation Projects	
Chapter 1: What Makes a Property Historic?	3
Historic Landmark Criteria and Status	4
Landmark Preservation Agencies	4
National Preservation Agencies	6
Summary	10
Chapter 2: The Project Phases & Design Team Services	11
The Preservation Team	11
Project Phases and Construction Document Development	18
Project Design Services and Costs	22
Documentation	23
Field Inspection	30
Non-Destructive Investigation Techniques	32
Intrusive or Destructive Evaluation Techniques	39
Field Documentation Methods	40
Summary	46
Chapter 3: Hazardous Materials: Identification & Containment	51
Hazardous Substances Common in Old Buildings	52

RSMears

Historic Preservation: Project Planning & Estimating - Copyright 2003 Reed Construction Data

Regulations	52
Assessment	52
Asbestos	52
Lead	61
Polychlorinated Biphenyls	65
Underground Storage Tanks	67
Radon	69
Animal Matter	69
Summary	71
Chapter 4: Conformance with Codes & Standards	73
Building Codes	74
The Americans with Disabilities Act	79
Laws Governing National Historic Preservation Programs	92
Laws Governing National Historic Landmarks	93
Government Agencies Affected by Federal Historic Preservation Laws	94
The Section 106 Process	95
Secretary of the Interior's Standards for the Treatment of Historic Properties	97
Summary	105
Chapter 5: Restoring Archaic Materials	107
Determination of Original Materials	108
Procurement of Archaic Materials	111
Role of Craftspeople and Specialty Contractors	114
Chapter 6: Upgrading Building Systems	117
Structural Systems	119
Mechanical, Plumbing, Electrical, and Data Systems	122
Fire Protection and Alarm Systems	127
Security Systems	133
Elevators	136
Windows	138
Curtain Walls	150
Doors	160
Door Hardware	162
Bird Control	165
Chapter 7: Access to & Protection of the Site	169
Determining Access Requirements	169
Responsibility for Access Provision	170

Safety	171
Scaffolding	172
Man Lifts	176
Rappelling	176
Protecting Existing Components and Finishes	177
Summary	194
Chapter 8: Mechanical/Electrical Systems	195
Scope of Work	197
Qualifying and Assembling the Project Team	197
Investigation	198
Design Goals	202
Electrical Design Issues	206
Lighting	208
Fire Protection Design Considerations	213
HVAC Design Considerations	215
Plumbing Design Considerations	216
Specifications	219
Installation	221
Maintenance of Mechanical/Electrical Equipment	225
Summary	225
Part II: Historic Building Materials: Assessment & Repair	
Chapter 9: Metals	229
Lead	229
Zinc	231
Copper	233
Bronze	236
Brass	237
Nickel	238
Nickel Silver	239
Monel Metal	240
Iron	241
Wrought Iron	242
Cast Iron	244
Mild Steel	247
Structural Steel	247
Stainless Steel	249
Weathering Steel	250

Aluminum	251
Summary	252
Chapter 10: Masonry	257
Brick	257
Stone	259
Architectural Terra Cotta	264
Glass Block	267
Mortar	268
Structural Clay Tile	271
Thin Stone Veneer	272
Simulated Masonry	273
Gypsum Block or Tile	274
Cast Stone	275
Summary	277
Chapter 11: Concrete	279
Concrete Block	282
Shotcrete	283
Architectural Precast Concrete	284
Prestressed Concrete	285
Summary	286
Chapter 12: Wood & Plastics	293
Wood	293
Plastic	301
Summary	303
Chapter 13: Glass	305
Plate Glass	305
Figured Glass	307
Prismatic Glass	309
Vault Lights (Sidewalk Lights)	310
Pigmented Structural Glass	311
Leaded Glass	313
Summary	318
Chapter 14: Floor Finishes	319
Terrazzo	319
Ceramic Tile	322
Cork Tile	325
Rubber Flooring	325

Linoleum	326
Vinyl Tile	327
Summary	328
Chapter 15: Wall & Ceiling Finishes	331
Plaster	331
Gypsum Board	344
Acoustical Materials	345
Summary	347
Chapter 16: Roofing, Stucco, & Sealants	349
Wood Shingles and Shakes	349
Asphalt Shingles	352
Cement Shingles	354
Slate	355
Clay Tile	358
Metal Roofing Systems	361
Stucco (Cement Plaster)	363
Building Sealants	366
Summary	368
Chapter 17: Paint Techniques, Wallpaper, & Gilding	371
Paint	371
Decorative Paint Techniques	379
Wallpapering	384
Gilding	386
Summary	393
Part III: Contract Administration	
Chapter 18: Preparing the Construction Documents	397
Construction Documents	397
Mock-ups to Evaluate Proposed Design Solutions	403
Specifications	404
Unknown and Non-Quantifiable Work	411
Bidding Documents	412
General Contractor Qualifications	412
Chapter 19: The Bidding Process	417
Open Versus Closed Competitive Selection	417
Bidding Documents	419
Instructions to Bidders	420
Direct Selection of the Contractor	420

Pre-Qualification of Contractors	421
Pre-Bid Meeting	422
Types of Contracts	422
Summary	425
Chapter 20: Quality Assurance & Contractor Selection	427
Quality Assurance and Quality Control	428
The Role of Team Members in a Quality Project	430
Partnering	433
Qualifying Bidders, Subcontractors, and Superintendents	434
Summary	438
Part IV: Estimating Construction & Maintenance Costs	
Chapter 21: Costs Unique to Historic Projects	441
Requirements in the Project Planning Phase	441
General Requirements	449
Other Factors That Affect Costs	452
Unforeseen Conditions	453
Summary	453
Chapter 22: The Unit Price Estimate	455
Site Visit and Evaluation	456
Estimate Preparation Considerations	488
Creating the Unit Price Estimate	490
Estimating the 16 MasterFormat Divisions	500
Summary	521
Chapter 23: Funding Sources & Investment Considerations	523
Developing the Budget and Scope of Work	524
Investment Tax Credits	524
Other Tax Incentives for Historic Preservation	532
Strategies for Generating Funds	533
Investment Considerations	534
Chapter 24: Establishing a Maintenance Budget	541
Forecasting Costs	541
Building Study Components	544
Existing Building Analysis	545
Replacement Reserve Study	554
Using a 20-Year Spreadsheet	564
Annual Building Reviews	570
Developing an EBA or RRS	571

The Project Spreadsheet	573
Preventive Maintenance System (PMS)	578
Who Performs These Studies?	592
Summary	592
Part V: Case Study	
Chapter 25: Commercial Rehabilitation of a Historic Building: The Candler Building	597
Historical Significance	598
Building Description	599
Existing Conditions	600
Proposed Project	601
Project Budget and Financial Incentives	602
Schedule and Phasing	603
Exterior Rehabilitation	604
Base Building Interior Rehabilitation	607
Other Issues	608
A Final Word	609
Appendix	611
A: National Register Evaluation Criteria, Benefits of Listing, & Nomination Process	615
B: Major Federal Statutes	617
C: Resources	
C.1: Professional, Trade, Advocacy, & Other Organizations	619
C.2: Federal Organizations	624
C.3: State Historic Preservation Officers	626
C.4: State Organizations	629
C.5: Funding Organizations	632
D. Non-Destructive Evaluation Techniques	636
E. Further Study: Education & Resources	641
Bibliography & Recommended Reading	645
Glossary & Index	663
